WDIA08	762/30.0	508/20.0	124/4.9	57/2.2	145/5.7	NA	100W		
WDIA12	1146/45.1	508/20.0	124/4.9	57/2.2	149/5.9	NA	150W		

All GEM Diamond Models are 304 Stainless with oblong vertical & horizontal tubes (see chart above). Note that horizontals on WDIA5 are round profile. Units are 120V/60HZ and should be connected to a GFCI circuit and according to local codes. Caution: Older model WDIA bracket locations may differ from above. Check before assuming direct replacement to wall brackets is possible. Information is subject to change without notice and is provided for informational purposes only. Warranty on all GEM Series is 2 years from date of purchase. All units are ETL certified to meet applicable UL standards for USA and Canada.
